The Season of Creation takes place each year from September 1st to the feast of St. Francis on October 4th. This is an important time when we reflect on the divine gift of Creation and our responsibilities as its stewards. The Holy Father, Pope Francis, begins this important season with the World Day of Prayer for the Care of Creation. The theme of his message this year is to “Hope and Act with Creation”. A reminder that the burden of pain and despair felt around the world is not contained to humanity alone but experienced by all of God’s Creation. When we unite in our faith in Christ, seeds of hope and fraternity take root, slowly growing into a shared sense of responsibility to care for each other and our common home.

“Yet where, when, and how are we to bear that witness? Surely by caring for the flesh of suffering humanity. As people who dare to dream, we must dream with our eyes wide open, impelled by a desire for love, fraternity, friendship and justice for all. Christian salvation enters into the depths of the world’s suffering, which embraces not only humanity but also the entire universe, nature itself, and the oikos, the home and living environment of humanity. Salvation embraces creation as an “earthly paradise,” mother earth, which is meant to be a place of joy and a promise of happiness for all.”
(Francis, 27 June 2024, para. 2, World Day of Prayer for the Care of Creation)

encourage us not to lose hope in the face of this complex crisis. God is faithful and is working to open the eyes of the blind and the ears of the deaf. God has chosen the poor who suffer most, and we need to listen especially to them. Spread the good news of those who do come to see and hear, whose ecological conversion is appearing around and among us.

As soon as I believed there was a God, I understood I could do nothing else but live for him. My religious vocation dates from the same moment as my faith: God is so great. There is such a difference between God and everything that is not—St. Charles de Foucauld
